RE: LETTER OF ENDORSEMENT FOR CROSS CATHOLIC OUTREACH

Cross Catholic Outreach has been supporting Catholic Church in Kenya and more so to Caritas Kenya our National office. Recently, we Catholic archdiocese of Mombasa requested for support in water, which is for the support of both a pastoral and social needs in the Archdiocese and is a priority in our 56 parishes.

Although Catholic archdiocese of Mombasa neighbors Indian ocean to the east, and harbors a city that is a holiday destinations in Kenya, water is a very scarce commodity and boreholes are needed to supply water in to families, children in schools, communities, livestock to improve the present situation.

Catholic Archdiocese of Mombasa fully supports and endorses the support of Cross Catholic Outreach to support parishes in provision of water systems that promote hygiene and sanitation, promote food security with micro-agriculture projects and watering of livestock and maintain peace in community that is triggered by lack of water.

Sincerely yours

Most Rev Martin Kivuva Musonde
Archbishop - Mombasa Archdiocese
