Talking Points - Ukraine and Eastern Europe Relief
May 19, 2022

HOW TO GIVE
• Give online at CrossCatholic.org.

BACKGROUND
• On Feb. 24, Russia invaded Ukraine, spurring a war that has claimed thousands of lives and sparked a humanitarian disaster.
• The situation in Ukraine continues to deteriorate, with civilian deaths, mass population displacement and damage to infrastructure driving a significant need for humanitarian aid.

Shelter
According to the United Nations:
• The war has displaced nearly 1 in 3 Ukrainians.
• This includes approximately 6 million refugees who have fled the country and 8 million internally displaced within Ukraine.
• Nearly two-thirds of Ukraine’s children fled their homes within the first six weeks of the invasion.
• More than half of internally displaced families include children, 57% have elderly members and 30% include people with chronic illnesses.

Food and Health Care Insecurity
According to the United Nations:
• 1 in 3 Ukrainian families have at least one person with a chronic medical condition who is unable to secure medication and care.
• Ukraine and Russia produce 30% of the world’s wheat and 20% of its corn. The war is setting in motion a crisis in developing countries that is devastating global food, energy and financial systems.
• The U.N. World Food Programme (WFP) warns of a looming increase in global food insecurity and malnutrition with a catastrophic global impact beyond anything we’ve seen since World War II.

Catholic Sites
• In March, a tank fired on a Caritas office in Mariupol (məːriˈuːpəl/), killing seven people.
• In Vorzel (vor-sill), located outside Kyiv (keev), a seminary was bombed and looted. Among the items stolen was a silver chalice used by St. John Paul II during his 2001 visit to Ukraine.
OUR RESPONSE

• Cross Catholic Outreach is empowering a network of Catholic partners in Ukraine and Eastern Europe who have a strong understanding of the needs and challenges arising from this humanitarian disaster.
• We are collaborating with Cardinal Konrad Krajewski (cry-yes-ki) from the Office of Papal Charities, and in the name of the Holy Father, to provide food, clothing, generators, ambulances and other relief to internally displaced families and refugees.
• We are working with Caritas in Veritate (carry-tahs in vary-tah-tay) to provide displaced families with food, water, baby formula, blankets, and sanitary kits at three centers in Ukraine in the communities of Lutsk (loot-sk), Struga (stroo-guh), and Nowa Uszyca (no-vuh ooh-sheh-zah).
• We are providing relief to Poland’s Archdiocese of Przemyśl (shem-MIH-shul) near the Ukrainian border. The archdiocese has welcomed more than 620 refugees at its receiving centers, offering food, shelter and trauma therapy while local partners help families secure living arrangements, employment, and school for children.

POPE FRANCIS’ BLESSING FOR CROSS CATHOLIC OUTREACH

• In April, Pope Francis imparted a special Apostolic Blessing for Cross Catholic Outreach, recognizing the ministry’s support of Ukraine’s children and families.
• In a letter, Cardinal Krajewski wrote: “I carry with this venerable gift the thanks of Pope Francis himself for this concrete support of his pastoral initiative and [the Holy Father] imparts to your ministry a special Apostolic Blessing for grace and divine consolation that from his heart he imparts to you and all the staff of Cross Catholic Outreach.”

OUR HISTORY OF SERVICE

• Cross Catholic Outreach is an official Catholic ministry that partners with bishops, priests, and religious and lay workers, mobilizing the global Catholic Church to transform the poor and their communities materially and spiritually for the glory of Jesus Christ.
• Since 2001, Cross Catholic Outreach has helped transform communities and lives in more than 85 countries with $3.3 billion in total aid.
• We have a long history of standing with the Church to defend the world’s most vulnerable people during times of turmoil. Disaster relief responses have included building safe homes following devastating earthquakes in Haiti in 2010 and 2021, hurricane relief in places such as Guatemala, Honduras, Nicaragua and the Dominican Republic, and emergency food and medical supplies during the COVID-19 pandemic.
